- PHP

Projects

The Green Solution (QnA based Web App for Farmers)

A QnA based web application, which acts as an online platform for farmers and agronomists, where farmers can ask questions and agronomists can post answers. Incorporates voice-to-text, native language support, and natural language processing for finding relevant questions. Developed using MERN stack.

React (thegreensolution.netlify.app)

Personal Details

Date of Birth

December 31,2002

Place of Birth

Dhamoirhat, Naogaon

Gender

Male

Nationality

Bangladeshi

Civil Status

Unmarried

Website
